

GOSPEL TO ASIA MINISTRIES INTERNATIONAL INC. & GRACE CHARITY FOUNDATION

A local Church Ministry of Grace Baptist Temple, Visakhapatnam, A.P., India.

A Closer Look at the Ministries

VIEW OF THE PROPOSED PROJECTS

SOUL WINNING & EVANGELISM
Reaching People in villages and rural areas with the Gospel & Knocking on doors. Distributing Tracts, Personnel witnessing and conducting open air meetings are some of our projects. The Hindu and Muslim People are very hard hearted and proud of their religion. Many souls are saved and people Baptized. We started establishing local churches in the villages with three or four families. 35 fundamental Baptist churches are established as on date.

CHURCH PLANTING

The Lord Jesus said, "I will build my church and the gates of hell shall not prevail against it" (Matthew 16:18). It is the desire of the Lord to have local churches in every city and village for worshipping God and as a witness in that place. The Lord wants His church to be Light and Salt in each place. He enabled us to start the first local church in Visakhapatnam in 1971, and the number of local churches has since increased to over 50.

CHRISTIAN DAY SCHOOL - DR. JOSEPH'S SCHOOL

In the year 1999 the Lord gave Dr. Paul Victor the burden to start Christian School. There are hundreds of cities in south India with two or three hundred thousand people and no Christian church or work in their histories. These cities have gone beyond being just apathetic towards the Gospel of Christ and are now very much against the Gospel. When a mission work begins, those bringing the Good News are often beaten and even killed for their message. However, a mission school started Dr. Joseph's School with a Christian discipline teaching from Nursery to Xth grade with 200 students. In this school we take time for the morning devotions among the students and our dear Lord is blessing the school ministry and many young children came to the saving knowledge of our Lord Jesus Christ.

TEMPLE BAPTIST SEMINARY

The Lord Jesus Christ was always moved when He saw the multitude. In Matthew 5:1-3 we read that after the multitude left, He called students (whom He called disciples) and started a Bible school. This type of training is greatly needed in our day - preparing laborers, servants of God, to go into the areas of greatest need to bring the Good News of our Savior. The Temple Baptist Seminary was started in 1987 at Visakhapatnam, South India. We now have 35 students and are praying that God will increase that number to 100 Bible students very soon. We are teaching fundamental Bible doctrines and especially for those who are called to preach as full time Gospel preachers. India is closed to all foreign

missionaries. So we are training and teaching the Bible to the nationals to reach the nearly One Billion people. Young people have dedicated their lives and are learning the word of God. Pray for the national Preacher boys. "How shall they preach, except they be sent" (Rom 10:15)

MINISTRY TO THE BLIND

Fifty Blind children are in the school for the blind. We started a regular school for the children. They are taught the Bible and also regular school Books. All the students are saved by God's grace. Blind students everyday go out to the streets to distribute the tracts. Pray for the staff and for the students.

WORK AMONG THE LEPPERS

In 1987 the Lord burdened Dr. Paul Victor's heart for the 4.5 million lepers in India. Millions of lepers live in misery, begging from house to house for their daily food. Medical science is still seeking a cure for this infectious disease that disfigures and destroys fingers, toes, ears, nose, and other parts of the body. The Lord has blessed the work among those suffering from leprosy since 1987 and many have opened their hearts to the Gospel and the love of God. One learnt from a medical doctor is that children born to parents suffering from leprosy will usually be saved from leprosy if they are removed from the colony for patients of leprosy before they reach puberty. One thing in their lives to feel happy is that they accepted Jesus and they are going to be with the Lord. Praise the Lord! "Where there is no vision, People perish". (Prov. 29:18)

SATELLITE MEDICAL CAMPS

Another great opportunity has been opened to GAMMI & GCF in the field of medicine. We do not merely minister to the body. People who come to the mobile hospital receive the Gospel. Twice each week we go to the poor in the villages in Visakhapatnam District and Vizianagaram District to distribute tracts and Gospels while treating the sick. This is a very good way of reaching people with the Gospel, as we care for both their bodies and their souls. We also distribute free medicines.

NATIONAL PASTORS ASSOCIATED WITH GAMMI & GCF

We have 100 National Pastors trained in our Bible school, were ordained and were sent to mission fields to reach the people who live in villages and tribal areas and they started planting Churches. These Pastors are very faithful on the field. They need your prayers on regular basis. We praise God for all these men of God who surrendered their lives along with their families for the cause of Christ. Praise the Lord!
